

2019 SSTS Annual Report

Annual Report for: Watonwan County in Watonwan County

Please carefully read all instructions provided throughout the questionnaire:

If your jurisdiction does not administer a program to regulate septic systems, please send an email back to the MPCA indicating that your community does not have an active septic system program to Lisa McCormick at ssts.projects.mpca@state.mn.us.

If your jurisdiction does administer a program to regulate septic systems, please submit the questionnaire no later than **February 1, 2020**.

Minn. R. 7082.0040 Subp. 5 **Reporting requirements for all local programs.**

Local units of government that administer SSTS programs must provide an annual report to the commissioner. The report must be submitted to the commissioner no later than February 1 for the previous calendar year.

If you are having trouble navigating the survey, or you do not understand a question, please save your progress and contact Lisa McCormick by phone at 320-248-1210 or email at ssts.projects.mpca@state.mn.us.

Please do your best to provide accurate information in the data fields. Without accurate data, there is no way to quantify the great efforts and progress Local Government Units are making throughout the state year after year!

Please ensure the following information can be used to contact the SSTS administrator within your department. The MPCA uses this survey to maintain an annually updated contact list of all local SSTS program administrators statewide.

Definitions:

SSTS Program Contact - an individual who can be contacted at Watonwan County for items such as: ordinance administration, permit issuance/review, the receipt and coordination of this survey, and all other local SSTS related questions.

SSTS Inspector - an individual authorized to conduct inspections on behalf of Watonwan County. If you have multiple inspectors, only provide the contact information for one of them.

Department Head - an individual in a supervisory position who oversees the activities of the SSTS program.

2019 Tank Report

The MPCA uses this information for the administration of tank fees for licensed SSTS installers across the state. If there were new systems installed in Watonwan County last year, you must indicate the number of septic system/performance system tanks installed by each licensed installation business below. If there were not any systems installed by SSTS installers in Watonwan County last year, then select "No" at the bottom of this page.

Septic Tanks - include sewage and pump tanks and are counted per tank installed.
Performance Tanks - include tanks from advanced treatment systems (Type IV) and are counted as one (1) tank per household system installed.

Do not include permitted systems that weren't yet installed. Tanks fees are only required for tanks actually installed during the previous calendar year.

To verify license numbers according to business names, use the MPCA's SSTS Search Tool.
DO NOT include the "L" in front of the license number." (Correct: 9999 Incorrect: L9999)

Note - we are no longer asking for verification on homeowner installations, just SSTS professionals.
